III. 1st Quorum Call

1 st QUORUM CALL -Must Meet 8 per Bylaws	
Group Represented	9
Procedural Votes	9
Quorum Met?	YES

IV. **Adoption of the Agenda**

Motion #10-05-01: To adopt Agenda as proposed. (*Changes: Approval of minutes from August to September. Removal of 'bylaw review' from 'Old Business'. Add bylaw motion to 'New Business'*)

Maker: Michael M.

VOTE: For: 9 Against: 0 Abstain: 0 **Motion:** **PASSED**

V. **Adoption of September's Minutes**

Motion #10-05-02: To approve the minutes for September.

Maker: Michael M.

VOTE: For: 9 Against: 0 Abstain: 0 **Motion:** **PASSED**

VI. **Secretary Report**

A. Secretary I – Aaron V. – No Report

B. Secretary II – Jess J.- Good afternoon, everyone, my service commitment is coming to term this month. First, I would like to thank the ASC for having me as Secretary II. I will be stepping out of this commitment today; however, I will be an active participant in the ASC hopefully in some other capacity. It has been a pleasure serving you as secretary II. -Jess

VII. **Chairperson Report** – Dan W. – No Report

VIII. **Vice Chairperson Report** – Michael M.-

Good afternoon, Rana ASC,

The GSR orientation this past month was successful. We had about 8 or 9 people in attendance and at least 1 newcomer. Natalie and I created a power point presentation that will be on the website and can be used in conjunction with the GSR orientation packet for future events. A total of \$120.73 was spent on food and copies of the GSR orientation packet and I will be returning \$79.27. I will be stepping down as Vice-chair next month as my home group needs a GSR and my term as Vice-Chair has been done for some time now. Starting at the beginning of December the Vice-Chair position will not be filled. I thoroughly enjoyed my time in this position and look forward to being able to serve in another capacity. Thank you for allowing me to serve, Michael.

IX. **Treasurer Report**

A. **Treasurer I** – Britany M.-

Good evening, everyone,

The area bank account holds \$2,477.18. This includes a deposit of \$170.50, \$100 dollars from area donations and \$70.50 from literature donations. Then check number #1112 was cleared for \$51.60 to Robb B. for meeting lists. Lastly, we had a debit charge of \$17.84 cleared for the zoom account.

In loving service Britany M.

X. RCM Report-Josh C.-

Upcoming Regional Event:

235th RSC Workshop October 18 & 19, 2025

Saturday Location:

2510 North Armistead Ave, Hampton, VA (Wesley United Methodist Church)

Sunday Location:

Hampton Inn Hampton Newport News

3101 Coliseum Drive, Hampton, VA

FY26 RCM Budget:

I will request from the Area a copy of last year's RCM budget to base the 2026 budget for the remainder of my term for the year.

RANA RCM Webpage:

I will request that the Area consider "beefing up" the RCM tab on our website. Currently, my understanding is that only one addict has access and control of that website. My vision for the RCM tab is to post regional events, minutes, and resources used at the regional level.

Forever Circled, Josh C.

Questions and comments for the RCM.

-Secretary inquired as to why the region has not published their minutes to the regional website in several months. Question has been brought up and is being tracked. RCM will follow up.

-Member asked about NAWS's budget. Published on their website.

-Price of literature increases in January.

XI. VRCC Report- Cat E.-

Hi, RANA Family, I attended the VRCC meeting on September 21, 2025, via zoom. Highlights of this 4-hour meeting are as follows: VRCC continues to seek bids for 2027 43 AVCNA. Tim C. is the new VRCC treasurer. I have not received minutes from this September's meeting. The 42 AVCNA will be held in Roanoke January 23-25, 2026, at Hotel Roanoke, for more information see www.avcna.org. More to be revealed, thanks for allowing me to serve. Cat E.

XII. Subcommittee Reports

A. Activities—OPEN

B. Hospitals & Institutions – Richard M.-

Good afternoon ASC,

As of today, I believe most of the commitments were met. Being the first meeting as the new chair, it was enlightening to see where we truly are as a commitment. PR and H&I have decided to combine meetings to hopefully make both committees more productive. As of now we have 3 commitments at boxwood and 4 at the Spotsylvania detox. Over the next month we will be taking inventory of current literature so we can decide on a set group of literature to maintain all current facilities. We have a long way to go, but I am hopeful at the direction we are headed. All support is appreciated. In loving service, Richard M.

C. Literature – Natalie M.— No Report

D. Public Relations – Robb B.-

Good afternoon, everyone, I was very happy to be a part of the joint subcommittee report today with H&I. We had a great meeting discussing current obligations, needs, and hopes for the coming year. I am working on reaching out to a couple of new meeting spaces for potential new meetings and will be following up on those this week. I also wanted to thank everyone who volunteered to be on the phoneline list. I have submitted everyone's information and am in the process of creating a phoneline orientation packet to hand out to everyone and make it available on the website. It's a goal of mine to have a PR/H&I Learning Day in the coming months so that we can formally hold an informational meeting for all those interested in serving in this capacity. I have brought updated meeting lists today as well as a few copies of our newest NA Membership survey that I mentioned last month. This is a survey conducted every couple of years that gives important information about the make-up of our fellowship. This is an important PR tool but is also great information for everyone to have. Thanks for letting me serve!

E. RACC (Convention) -Rudy C. — No report, Sub-committee will meet this Wednesday at 6:30pm at Wegmans and zoom hybrid

Procedural Votes	9
Quorum Met?	✓

XV. Old Business-

- One Motion from the Region to go back to home groups.

Motion Number: 234-2

Date: August 16th, 2025

Mover: Peter B.-RCM

Area: Blue Ridge Area

Second: Marla M.- RCM

Area: Gateway to Freedom Area

DESCRIPTION/BACKGROUND:

For the period between October 1st, 2025, until February 1st, 2026, that the Central Atlantic Region Treasurer suspend donations to NAWS. After that time the 2026 RSC Budget should be active.

INTENT:

The intention of this motion is to allow the groups and Areas of the Central Atlantic Region to discern clarity of the Region guideline (RSC Guideline Section IX, 4A, 8) regarding the calculation of contributions to NAWS.

RSC Guideline Section IX, 4A, 8: After expenses are paid and prudent reserve is met, all remaining money will be donated to NAWS

MOTION: Request to temporarily suspend active Policy (only happens with the agreement of the home groups by 2/3rds agreement). Allow the groups and Areas of the Central Atlantic Region to discern clarity of the Region guideline (RSC Guideline Section IX, 4A, 8) regarding the calculation of contributions to NAWS. To clarify the prudent reserve amount.

VOTE: For: 6 Against: 0 Abstain: 3 Motion: PASS

XVI. Open Sharing Session

-Audrey A. has come to the ASC to announce they are looking into starting a new meeting in Stafford for Saturdays at around 7pm. Possible name for new meeting "Lit for Recovery". Still in the planning stages. No location yet, more will be revealed.

-NAWS literature prices will increase 15%, effectively in January came. Discussion about, as an area, do we need to do anything. Suggestion from GSR to keep our current prices as is, until it is necessary to increase. Bulk ordering came up as a suggestion. A copy of the NAWS literature price changes and NAWS annual report will be attached to the minutes.

XVII. New Business:

RANA 2026 Budget Review dates: Thursday- October 9th at 6pm, Tuesday- October 14th at 6pm, Saturday- October 18th at 3pm, and Sunday- October 26th at 3pm. All will be held at Wegmans (upstairs) and on Zoom.

Proposed Changes and Rationales:

Motion #10-05-03

Motion:

To change the wording of Article 12, Section 1 to say “New meetings must attend one (1) ASC business meeting to be added to the online meeting list. New meetings must attend three (3) consecutive ASC business meetings before being included on the printed meeting list and before being provided a new meeting starter kit.”

Intent:

To allow new meetings to be listed on the online meeting schedule after attending one ASC, ensuring quicker accessibility for addicts seeking recovery, while still requiring three ASC attendances for inclusion on the printed meeting list and for receiving a startup kit.

Rationale:

The platform used by the RANA website to display meetings, the Basic Meeting List Toolbox (BMLT), is a web-based utility maintained at a broader fellowship level. It is not managed by the Area but simply utilized as an efficient tool for keeping meeting information updated and accessible. Allowing new meetings onto the BMLT after one ASC ensures that more addicts can find recovery sooner, directly supporting Tradition Five (carrying the message to the addict who still suffers). Changing the language balances accessibility with accountability. Online listing after one ASC provides immediate visibility, while retaining the three-ASC requirement for printed lists and startup kits ensures consistency, stability, and financial accountability, in line with Tradition Seven (self-support) and Concept Eleven (responsible management of funds). Finally, this has already been the practical approach in recent years; the bylaw change simply brings our written policy into alignment with our established practice.

The above motion goes back to home groups.

Rappahannock Area of Narcotics Anonymous
Area Service Committee Meeting Minutes –October 2025

Motion #10-05-04

Date: 10/05/2025

Motion Maker: Robb B.

Second by GSR: BUDGETED ITEM

Motion: \$58.17 Reimbursement

Intent: Printing of Phoneline Essentials and Membership Survey

Should this motion be sent back to groups? NO

Motion #10-05-05

Date: 10/05/2025

Motion Maker: Robb B.

Second by GSR: BUDGETED ITEM

Motion: \$111.62 Reimbursement

Intent: 4th Quarter Meeting List Printing

Should this motion be sent back to groups? NO

XVIII. ASC OPEN POSITIONS:

- Vice Chairperson-Please announce.
- Secretary I. -Open in January, please announce.
- Secretary II- Please announce.
- Activities Chairperson-Please announce.
- RCM II- Please announce.

XIX. Review of Group Status and Business

The following groups have missed at least 2 consecutive ASC's:

- Adjournment and Serenity Prayer

The next ASC meeting begins at 4 p.m. on Sunday, November 2nd, 2025, on ZOOM & in-person.

Submitted to RANA ASC for approval by Aaron V.

Rappahannock Area Narcotics Anonymous 2025 Annual Bylaw Review

This report outlines changes in the RANA Bylaws that were discussed and drafted during this past month's Bylaw Review sessions. At their best, bylaws ground the fellowship and support oversight of its current practices. Review of bylaws allow us as a service body to adapt to changing circumstances and learn from previous experiences.

Each proposed change has been considered in accordance with **Article 9 – Spiritual Guidance** of our current bylaws, using the 12 Traditions, 12 Concepts for NA Service, the current Bylaws, *A Guide to Local Services in Narcotics Anonymous*, and *Robert's Rules of Order (Newly Revised)* as guidance.

Proposed Changes and Rationales:

Motion:

To change the wording of Article 12, Section 1 to say *“New meetings must attend one (1) ASC business meeting to be added to the online meeting list. New meetings must attend three (3) consecutive ASC business meetings before being included on the printed meeting list and before being provided a new meeting starter kit.”*

Intent:

To allow new meetings to be listed on the online meeting schedule after attending one ASC, ensuring quicker accessibility for addicts seeking recovery, while still requiring three ASC attendances for inclusion on the printed meeting list and for receiving a startup kit.

Rationale:

The platform used by the RANA website to display meetings, the Basic Meeting List Toolbox (BMLT), is a web-based utility maintained at a broader fellowship level. It is not managed by the Area but simply utilized as an efficient tool for keeping meeting information updated and accessible. Allowing new meetings onto the BMLT after one ASC ensures that more addicts can find recovery sooner, directly supporting **Tradition Five** (carrying the message to the addict who still suffers).

Changing the language balances accessibility with accountability. Online listing after one ASC provides immediate visibility, while retaining the three-ASC requirement for printed lists and startup kits ensures consistency, stability, and financial accountability, in line with **Tradition Seven** (self-support) and **Concept Eleven** (responsible management of funds). Finally, this has already been the practical approach in recent years; the bylaw change simply brings our written policy into alignment with our established practice.

October RCM ASC Report

Upcoming Regional Event:

235th RSC Workshop

October 18 & 19, 2025

Saturday Location:

2510 North Armistead Ave, Hampton, VA (Wesley United Methodist Church)

Sunday Location:

Hampton Inn Hampton Newport News

3101 Coliseum Drive, Hampton, VA

FY26 RCM Budget:

I will request from the Area a copy of last year's RCM budget to base the 2026 budget for the remainder of my term for the year.

RANA RCM Webpage:

I will request that the Area consider "beefing up" the RCM tab on our website. Currently, my understanding is that only one addict has access and control of that website. My vision for the RCM tab is to post regional events, minutes, and resources used at the regional level.

Forever Circled,

Josh C.

2026 NA Literature Price Increase:

Greetings,

We have difficult news to share today: global conditions have made it impossible to postpone a price increase any longer. In 2023, despite rising costs, we chose not to raise prices on IPs, booklets, keytags, or chips in order to allow groups more time to recover from the global shutdown. At this point, tariffs and increased cost of goods have created a deficit we can no longer absorb.

We want to take a moment and share our gratitude for the support that we receive at NA World Services. Over the past several years, many of you have stepped up to show your support by means of direct contributions, whether from your own personal finances or by way of your homegroups and service bodies, to help fund our ongoing efforts to carry out the Vision for NA Service. Your contributions have allowed us to continue supporting local communities around the world in PR, Fellowship development, and more. From free and subsidized literature to translations, each day Our Vision becomes a reality in the lives of individual addicts and communities around the world.

In the last fiscal year, we provided over \$750,000 worth of free and subsidized literature to members and NA communities in need. We continue to post all IPs and booklets for free in over 60 languages at na.org/literature. We provide audio recordings of the Basic Text in twelve languages at na.org/audio, and we are working on posting audio versions of *An Introductory Guide to NA*. These resources are also made available on inmate tablets at no cost to over one million incarcerated addicts—and growing. The need for translations, audio materials, and resources for members with physical challenges continues to grow, requiring constant—and increasing—investments.

We are glad that these resources are available to addicts who need them. But we cannot deny the obvious impact that has on literature sales. Balancing accessibility and sustainability has led to many painful discussions about our relationship with our Seventh Tradition. Bluntly, the material we provide on the web and tablets represents over one million dollars less in annual revenue. Our reliance on the sale of literature to fund nearly all our service efforts has been a topic of conversation around the Fellowship since the approval of the Basic Text.

NA World Services has not been an exception to the reality that many of you are experiencing: Costs are rising in nearly every area, decreasing our projected net operating income by more than **\$670,000 annually**. The amount of material we provide for free coupled with our reduction of net operating income due to rising costs—we have survived this long only because of the increase in contributions. Without those contributions, the

need to make these tough choices would have occurred much earlier, when NA groups and local communities were even more vulnerable. Your efforts have made a difference. Still, we find ourselves in a dilemma today: Either increase the price of literature or cut services. While the last thing many members need is higher prices, our responsibility to ensure the sustainability and viability of NA World Services requires us to act. It is our hope that someday our efforts can be funded by direct contributions rather than our reliance on literature sales.

Beginning 1 January 2026, most materials in our inventory will increase in price by 15%. Several items, including *The NA Survival Kit* and *In Times of Illness* will remain at their current price and a few items, such as *Guiding Principles*, will increase very slightly. Pricing on the complete poster set and Group Starter Kit is increasing more than 15% but is still less than the total value of the bundled contents. Additionally, some special editions and bundles will be offered at stable or reduced prices. We have posted the [updated 2026 price list](#) in both currencies (USD and EUR).

This wasn't an easy decision, but a necessary one. Tariffs and production costs have risen dramatically, and we believe this adjustment is the most prudent way forward, especially as demand grows for the many resources we provide at no cost. Please know that we've done our best to keep this adjustment as modest as possible. Without adjusting prices, we would be forced to reduce the services we provide and limit the ways in which we make the message available to the addict who still suffers.

Our current staffing level is the same it was nearly 40 years ago, in 1987, and today we support a much larger Fellowship navigating the challenges of growth in an increasingly complex world. The Basic Text, at the time of approval in 1983, originally sold for \$8.00. With inflation, that is equivalent to just over \$26 today, and with this increase in price to \$15.65, the cost of the Basic Text will still be lower in adjusted dollars than it was at its printing. We have kept our price changes well below the inflation rate by doing our level best to manage what is in our control and keep the costs as low as possible.

One of our priorities is the uninterrupted supply of literature. At this time, shipping charges will remain unchanged. However, rising fuel costs and global complications may necessitate adjustments in the future. We will notify members promptly if this becomes necessary.

Unfortunately, the circumstances requiring this change are out of our control. Our goal is to balance fiscal responsibility with the needs of the Fellowship. As always, we are committed to stewardship of our resources, sustainably and responsibly, to meet the needs of our growing Fellowship in a changing world. We are grateful for the opportunity to serve.

Sincerely,

Your World Board

Narcotics Anonymous World Services, Inc.

2024 Annual Report

A Vision for NA Service

All of the efforts of Narcotics Anonymous are inspired by the primary purpose of our groups. Upon this common ground we stand committed.

Our vision is that one day:

-  Every addict in the world has the chance to experience our message in their own language and culture and find the opportunity for a new way of life;
-  Every member, inspired by the gift of recovery, experiences spiritual growth and fulfillment through service;
-  NA service bodies worldwide work together in a spirit of unity and cooperation to support the groups in carrying our message of recovery;
-  Narcotics Anonymous has universal recognition and respect as a viable program of recovery.

Honesty, trust, and goodwill are the foundation of our service efforts, all of which rely upon the guidance of a loving Higher Power.

A Note from Your World Board page 3

Staff & Offices page 7

Production & Distribution page 12

Financial Overview page 17

Fellowship Contributions page 20

Member contributions help make it possible for us to provide support and services to NA members, groups, and service bodies worldwide.

A Note from Your World Board

*The full fruit of a labor of love
lives in the harvest, and that always
comes in its right season.*

In the *Annual Report*, numbers tell the story of our efforts to carry out our Vision for NA Service. Each year, information about the growth of our Fellowship, literature sales and disbursements, the office and staff, and your contributions are compiled and reported here. We can tell you about what we have done, how we have done it, where money comes from and where it goes—in short, all the ways our work can be measured. Love and the spirit of service cannot be quantified, and the tireless efforts of the World Board, staff, and countless trusted servants around the world are beyond measure. NA World Services is here to ensure that our members, groups, and service bodies have what they need to carry out that work: literature, service materials, material and logistical support, and the tools to help NA members build viable, sustainable communities in which addicts get and stay clean.

This fiscal year stretched from 1 July 2023 to 30 June 2024, but this report will stretch a little further to include the World Convention, because it was such an integral part of this year’s work (and because no one wants to wait another full year for the reporting). This year marked our 70th anniversary, and we are grateful to report that this year has marked a turning point in our abilities as an organization. The 2023–24 fiscal year was one of hope, excitement, and new routines as we rebuilt staffing levels, upgraded our technical capabilities, began to implement the work of our first in-person (hybrid) conference in five years, and prepared for WCNA 38. After 70 years, we are still growing, learning, and improving our ability to provide services to the Fellowship we all love.

One thing we learn in recovery is that there’s no such thing as “back to normal”; we keep moving to a new normal, and another new normal, and so on. We adapt and are changed by the experience. And our circumstances change all the time in ways that call upon us to adapt some more. This fiscal year was one in which we were able to regain our footing, to rebuild and upgrade systems, and to scale up in anticipation of a major event and ongoing growth.

* The 2022 and 2023 World Service Conferences decided to extend these terms to coincide with a longer conference cycle.

Much of the first half of the fiscal year was spent implementing the decisions made in April and May 2023 at the **World Service Conference**. This included revisions to [A Vision for NA Service](#), the [Fellowship Intellectual Property Trust](#) and associated documents, [The Group Booklet](#), and [Virtual Meeting Basics](#); the creation and posting of workshops for four [Issue Discussion Topics](#); and launching a survey for the H&I Basics project. The new [Focus Group Volunteer Form](#) at [na.org/projects](#) served as a tool to connect with interested members, which has resulted in more members being involved in projects than ever before.

In concert with the World Convention, we also launched the [NA Survival Kit](#): a slipcased compilation of our previously published material on the Twelve Steps drawn from the Basic Text, *It Works: How and Why*, and the *Step Working Guides*. Although this material is not new, the format is—and many members report that the smaller books and reordered material make it much easier to manage stepwork for themselves and with those they sponsor.

This has been a year of planned and unplanned improvements in our informational technology. The IT team at NAWS is tireless and resourceful—fortunately.

One of the most significant changes this year was in the way **NA World Services helps people find meetings**. For a very long time, the database of NA meetings at NAWS was inaccurate and out of date. With more than 72,000 meetings in 143 countries—and a growing number of virtual meetings—the idea of catching or keeping up was increasingly unrealistic. The frequent changes to meeting information brought about by the pandemic led to a tipping point: We were absolutely not able to keep up with local openings, closures, and moves. And helping people find a meeting might be the most important service any of us provide. The new [NA Meeting Finder](#) uses a map-based system to connect people with local websites or phonelines, which are much more likely to be accurate and up-to-date. Virtual meetings around the world are now searchable in a [separate list](#) and listed in the time zone from which you search. Subsequently, we brought the NA Meeting Finder app into sync with the new system.

There were webinars on the new system in November 2023 and August 2024. The transition was challenging, and we are grateful to all the trusted servants who helped us with geotagging, checking accuracy, and ensuring that the new system works.

(continued on page 6)

This chart, showing the number of NA meetings worldwide relative to the number of NAWS staff at all five locations, has customarily been included in the *Annual Report*. During the pandemic, many meetings closed or suspended operation and NAWS staff numbers were cut drastically. Despite that anomaly (where you see the question mark on the chart), our staff-to-meetings ratio continues to increase. We have been regrowing staff as we are able; Chatsworth is the only location that still has reduced numbers. And we see the overall trendline is consistent despite the shutdowns. The higher number of meetings per staff is a consequence of many factors; NA World Services does its best to provide services prudently and in a manner that serves the most members for the least cost. We economize and use technology to maximize return on every Fellowship dollar. It also reflects a level of stress on staff; it's harder for us to provide adequate services when demands on staff increase measurably over time.

*Due to the pandemic, we do not have accurate meeting numbers for 2020–2022

Data is based on regional/zonal reports to WSC 2023 and NAWS database when available. Map not intended to be geographically accurate. Meeting numbers include both in-person and virtual meetings. Virtual meeting numbers were drawn only from regional reports and many may be missing. For a current map and additional Fellowship development resources, visit na.org/fdresources.

Number of meetings 2024

(continued from page 4)

While that vital service was in development, the **website** at na.org came under attack and began to crumble. Some parts of that website were severely outdated, and other parts had been added and patched over time. The current environment on the internet is hostile: There is unprecedented hacking, virus assault, and phishing, and our efforts to keep the system up and running were ongoing. Keeping pace with the ongoing threat level when our primary means of communication internally and with the Fellowship is through the web takes money, talent, diligence, and foresight. Behind the scenes, preparation was underway to launch a new website in the 2024–25 fiscal year.

In addition, we onboarded **new accounting software**—a task more important and more complex than it might sound. We operate in multiple currencies, with thousands of items in inventory. Along with sales, we must account for contributions, which are tracked in detail, along with income and expenses related to events. All of this requires deep customization. In addition to the security concerns any organization might face, we take the anonymity of our members very seriously. It was primarily for this reason that we resisted the move to a cloud-based system as long as we could, but the accounting software we had been using was no longer supported by its maker. We are relieved that cloud security has improved geometrically since the last time we upgraded. Our accounting system is painstakingly detailed, and must be compatible with multiple systems in multiple dimensions. Customizing the software, migrating our data, and training our staff to the new system is a long process. Still we are hopeful that the new system will serve us for a long time to come.

(continued on page 8)

NA Meeting Growth Trend

This graph of meeting growth trends is an AR staple. The data in this graph is updated before each World Service Conference, so the numbers in this graph are the same as in 2023. We repeat what we said last year about the challenge this graph reflects: Pandemic safety measures drove many of us online and changed how we look at meetings and groups. The 2023 WSC voted to recognize virtual groups, and we know our current count of virtual groups lags substantially behind the actual number. We look forward to more accurate information as virtual meetings are welcomed into service systems locally and worldwide.

of May 2025

Staff and Offices

Your World Service Office (WSO)

Narcotics Anonymous World Services in Chatsworth, California, is the central resource hub for NA members, groups, and service bodies worldwide. The executive and administrative staff work with the World Board to carry out Conference-approved projects, coordinate workgroups, and support the World Convention. They communicate with members and the public through various periodicals, reports, webinars, and emails. The California office also produces and distributes NA literature, protects the Fellowship's copyrights and trademarks, and maintains our website, na.org.

Branch Offices

WSO-Europe distributes literature in 35 languages, including no-cost literature shipments to emerging NA communities in Eastern Europe and elsewhere. The office serves members, groups, and institutions seeking information about NA, and supports the European Delegates Meeting. We are glad to say that with Stéphane Dougoud as our new European Logistics Coordinator, WSO-E is stable once more. We have resumed onsite shipping and are looking for a larger location.

Siamak Khajeian manages the Iranian branch of the World Service Office. He and his staff—Mohammad Ahmari, Shahram Chegini, Nemat Hosseini, Farhad Poorsohi, and Saeed Khosravi—support NA's largest community and its 20,000+ meetings. WSO-Iran produces and distributes NA literature in Farsi. They also assist in the translation of documents and support many of the essential services offered by the region.

Distribution Centers

Two distribution centers—one in Mississauga, Ontario, Canada, and the other in Bangalore, India—play vital roles in furthering our vision. Pramila Dias distributes literature in twelve languages throughout South Asia from the Bangalore center. Brian and Ilda Sullivan continue to staff the Mississauga center that serves the literature needs of Canadian NA communities.

Eden Perez (Acct. Asst.)

(continued from page 6)

In August 2023, we **traveled** to the Canadian Assembly and Convention (CANA/ACNA) and the European Delegates Meeting (EDM). Also this year, we were grateful to attend the Afri-Can Zonal Forum, the Multi-Zonal Service Symposium (MZSS), Florida Service Symposium, the Brazilian Zonal Forum, and the Latin American Zonal Forum (LAZF). When we attend events in person, we have the opportunity to meet and get to know trusted servants from across the Fellowship. We can answer questions and provide information informally, and we are able to help local communities navigate developmental challenges and other obstacles to growth. We have the chance to explain what World Services does and how it dovetails with local communities to provide support for services that carry the message. Perhaps more importantly, we get to hear the concerns and interests of members and build ongoing relationships, so that when a community has a question or a challenge, it’s more likely they will feel comfortable reaching out to World Services to talk about what’s going on.

We always want to be responsive to requests for board participation at events—and also be prudent with resources. If we can participate virtually and still meet the needs of a community, we try to do that. We participated

virtually in the Colorado Convention and Western Service Learning Days (WSLD), Mid-Atlantic Regional Learning Conference (MARLCNA), and Western States Zonal Forum. If your service body is considering making a request for board participation, let’s talk together and see if the need can be met virtually.

We attended the American Correctional Association in Washington, DC, in January 2024, for the first time since the shutdowns. Our presence was welcomed, and as a result of our attendance, we were invited in February to address a meeting of all 122 federal wardens. It was a brief but successful virtual presentation; as always with this sort of event, we plant seeds that bloom over time in local H&I efforts and in reaching addicts who suffer behind the walls.

PR might have been the biggest success at WCNA 38. Washington, DC, is home to a wealth of research institutions and is easily accessible from many more. We held a roundtable event with addiction researchers, and the outcome was enthusiastic interest from these writers and scientists who help us fulfill our vision “that Narcotics Anonymous has universal recognition and respect as a viable program of recovery.”

This color indicates the countries where there are no NA meetings.
Translations play a huge role in growing NA.
 NA literature is translated by local translation committees, or LTCs, made up of committed members who are native speakers. NA World Services supports the LTC, coordinates professional services, and publishes translated materials.

May 2025

This poster can be found at na.org/maps with many other Fellowship development resources.

(continued from page 8)

During our previous fiscal year (2022–23), we were able to relaunch [Reaching Out](#) in print and in electronic form; this year, the Ohio corrections department has requested 20 copies for every institution in Ohio—500 total—every quarter. Between hard-copy subscriptions, online versions, and inmate tablets, *Reaching Out* is once more a lifeline for those incarcerated.

A webinar on Revitalizing H&I Service was held in March 2024, which featured members from Ukraine to Atlanta, Georgia, sharing about innovations from sponsorship behind the walls to “recovery envoys” building bridges to Narcotics Anonymous from treatment and correctional facilities. We also hosted open **webinars** for Service Day in late April and Sponsorship Day in December, as well as the Unity Day webinar in September 2023, which included over 1,000 local connections from institutions, groups, events, and individuals.

Our use of technology to increase our reach, both in service and in events, is not really news—we’ve been doing it for a long time now. But we keep improving. Webinars allow us to close the distance between our members around the world. The World Board meets virtually on a regular schedule between in-person meetings; conference participants meet regularly online and are collaborating more and more with the World Board.

At the 2023 World Service Conference, the World Board and conference participants embarked together on an unprecedented [collaborative planning process](#). At the conference last year and via survey after the conference, participants worked together to identify and prioritize overarching “factors” that are important for NA as a whole to address. From February through May 2023,

Our Multilingual Catalog: Translated Literature and Other Products

zones met in person and online to work through those factors and use them to set priorities for the coming cycle. To the best of our ability, the structure, format, and setting of the meetings were identical; meeting zone by zone meant there was time and space for conference participants to share and hear each other. This process is in development through the three-year conference cycle and will shape the way we work together going forward: mindfully building together from conception to implementation across each conference cycle. We believe this process will move the WSC from simple decision making to co-creation of goals, plans, and outcomes. The projects that the Fellowship approves will emerge directly from these priorities, and our plans from cycle to cycle will both shape and emerge from the Strategic Plan. We could not have conceived such a robust and inclusive process before we began meeting virtually as well as in person. This is one of the most extraordinary gifts of the difficult times we have been through together in recent years.

Our **literature sales** have been stabilizing, but we see **pamphlets** and **keytags** up from last year’s sales, which is indicative of meetings reopening and more newcomers arriving. We know this to be a good sign for our future—and for those addicts finding their way to NA, all over the world. **Translations** work was robust this fiscal year, which we know to be another sign that Narcotics Anonymous continues to grow. This growth requires stewardship: Protecting our literature even as we disseminate it is vital and difficult. Constant efforts to keep Fellowship trademarks and

(continued next page)

copyrights current and safe around the world is the legal work of protecting our name and our message. Ensuring that members lead the way on translations into their own language and culture is the other wing of that same bird. Our trusty Translations team at the office helps to facilitate the locally driven process of translations. And while the work of translations and the distribution of translated literature is some of the most gratifying and effective work we do in carrying the message, it is also resource intensive.

In this fiscal year, we distributed a remarkable **\$769,958 in free and subsidized literature**. Our commitment to continuing the distribution of free and subsidized literature is unwavering. Whether our revenue is impacted by current events or we face obstacles related to the cost of goods, tariffs, or customs, we have always been prepared and continue to do the work of staying prepared to meet the needs of those local communities that depend on literature subsidies to carry the message. Our free and subsidized lit number for this fiscal year is close to our pre-pandemic record. Although **book sales** are slightly down across the board, the increases in IP and key-tag sales, along with the increase in free and subsidized literature, indicate ongoing growth and the promise of a bright future.

The needs of our growing Fellowship in a changing world can seem overwhelming. We seek stability in our business practices so that we can ride out storms and optimize the good times. More and more, we see the need for direct contributions from those experienced members who can afford to contribute to ensure that the message is available to the next

addict walking through the door. In our personal recovery, many of us have discovered that it is in perilous times that we shine most brightly. Although **direct contributions** have fallen slightly (about 8%) this fiscal year, we know this is a result of members returning to meetings and local needs increasing. As we all do our best to contribute time, money, enthusiasm, hope, and courage, we will ensure that our light does not falter.

Member contributions enable NAWS to provide our message free for those who need it, whether that is through free and subsidized literature or access to NA materials on the website and inmate tablets. As always, we want to acknowledge our thanks to those who have been willing and able to step up. Direct contributions untether our service provision from literature sales, and that improves our ability to carry the message to those most in need.

(continued on page 15)

Actual Expenses for FY 2024

We support incarcerated members and NA communities in need by providing free and subsidized NA literature. This year, we provided just over \$769,958 of free and subsidized literature, close to the 2019 record of \$832,315. This number represents a large commitment—and also great need—for developmental support in our growing Fellowship. [Your contributions](#) make it possible to carry the message directly to those most in need. Our gratitude speaks!

Cost to NAWS for Free & Subsidized Literature, 2007–2024

Distribution data in charts and graphs for the 2024 fiscal year (FY 2024)

Context is important when considering the following data. Production is back on the upswing, but it is coming back from abnormally low numbers that were consequent to the pandemic shutdown. So, even though the numbers are once again moving in the right direction, the disruption still bears on the figures and stymies the kind of trendline analysis we are accustomed to. It will take a few years before this new growth develops into a steady, predictable pattern once more.

Book Distribution since 1983

Book (pub date)	Total distributed	% of total	Average per year
Basic Text (1983)	13,405,012	51%	326,952
Just for Today (1991)	3,804,539	14.5%	115,289
Step Working Guides (1998)	3,749,245	14.3%	144,202

The Basic Text still accounts for the “lion’s share” of our book distribution.

FY 2024 Book Distribution

Basic Text Distributed by Language FY 2024

Electronic Book Sales 2019–2024

The downturn in ebook sales and upswing in paper copies of IPs and booklets may indicate more in-person meetings opening up.

Electronic Book Sales Totals (2012–2024)

Although NA World Services has posted free electronic versions of IPs and booklets at na.org/ips since 2005, many NA members first became aware of this service in 2020, when in-person meetings around the world closed down. Translated IPs, booklets, and audio versions of the Basic Text are added as they become available.

This tilt toward accessing NA literature in these free online formats has been transformative in how the NA message is carried. But it has had an effect on literature sales.

Fortunately, Fellowship contributions have offset that income loss. It is our hope that the mission-driven decision to provide free access to IPs and booklets will continue to be supported by the Fellowship.

Income from Other Recovery Literature (IPs and Booklets)

Printed Booklets Distributed in FY 2024 vs. FY 2023

Informational Pamphlets Distributed in Print FY 2024 vs. FY 2023

Keytags & Chips

Medallion Distribution

The large increase in chips is due to distribution in Iran. Keytag production was discontinued as a consequence of supply chain issues.

Iran accounts for more than 82% of the total chip production this fiscal year.

(continued from page 11)

The process of creating a **world convention** is astonishingly complex. Many of you have served on convention committees and know what an *ordinary* NA convention entails; WCNA is on a different scale in size and complexity. It's not just working with a convention center and more than 25 hotels. We travel with an NA museum, a functioning office, and services for members in multiple languages, including ASL. The WCNA program seeks to represent the wide range of recovery experience across our Fellowship, and also includes a full roster of service workshops, PR events, and opportunities to learn from and about each other. Backstage at the main meeting consists of a dizzying array of AV equipment, booths for simultaneous translation, curtains, screens, and seating, the sign language interpreters, speakers, meeting chairs, and security personnel. Every cable, every chair, every detail had to be planned, ordered, and placed in advance. We started from an empty room with nothing more than an abundance of convention center rules.

Preparing for a world convention has always been a big job. But this year we had fewer staff than previously, and many of our staff are new. As new staff were learning their roles, they were also learning that working for NAWS demands a strong work ethic and a whole lot of good-natured flexibility. This year we brought on a number of new people, and accommodated more work done remotely. We **increased staff** by about 20% compared to last year (six new staff), but we are still about 25% below pre-pandemic staffing levels.

Of course, numbers can never fully capture the *Power of Love*, but we could see that power in action in some ways we can measure:

The world has changed, and WCNA attendance was affected like so many in-person meetings around the world. Virtual participation increased dramatically, a trend that has been occurring both inside and outside of Narcotics Anonymous. The livestreamed meetings throughout the convention had startlingly high listener counts. Through the course of the convention, more than 37,500 connections to the live-stream were made, including more than 6,200 during the Unity Day meeting. Many of those connections were facilities, groups, listening parties, and local

(continued next page)

events. We are honored and humbled by the wide reach of the livestream—and it demands that we think differently about how members want to participate in events now.

We are grateful to all who came and contributed your experience, strength, and hope to make that event the joyful celebration of recovery we all shared in. We regret deeply that the financial outcome did not reflect the beauty of that event.

The financials for this convention stand in contrast to the many successes we can see. Our projected attendance of 24,000 seemed reasonable, given that the previous WCNA had been six years earlier and had seen attendance of more than 21,000. But costs, particularly for AV and labor, increased sharply—and continue to increase across the events industry. The bottom line for the convention reflects expense over income of \$956,129. NAWs’ financial policy is always to hope for the best and prepare for the worst. We had accumulated cash reserves against the possibility of an unfavorable outcome, such that the loss was unfortunate but not catastrophic. Our work has continued and will not be dramatically impacted by this outcome. Our thinking about events on this scale, however, has been affected strongly.

The World Convention stands within a difficult size range, too large to fit into a single venue but too small to qualify for the discounts at scale that make enormous events viable. As the industry and our organization continue to change, so does our understanding of what a celebration of our worldwide Fellowship might need to entail.

The story of this fiscal year is one of preparation: for WCNA, for the new website, for the *NA Survival Kit*, for the planning process now coming into reality. Much of the harvest came in the subsequent fiscal year, and some will be with us for a long time to come as we prepare our offices for a leaner, nimbler, more flexible future.

“The spirit of service is a blend of passion and compassion,” as the closing essay of *Guiding Principles* reminds us. It goes on to say, “Creative action keeps us moving forward.” Fiscal Year 2023–24 was defined by prediction, planning, preparation, and learning. We continue to serve with both passion and compassion, knowing that we will move forward as we create this path together. Although there are bumps in the road, we know that as long as we follow this way, all will be well.

As in-person groups have reopened and areas, regions, and zones have revitalized, more resources are going toward local service delivery and group expenses. So we expected a downturn in contributions. Member contributions continue to support our services at every level, and direct member contributions to NAWS have allowed us to increase direct support of developing NA communities. If you don't have a recurring contribution, please consider making one: na.org/give.

INDEPENDENT AUDITOR'S REPORT

To the World Board of
Narcotics Anonymous World Services, Inc.

Opinion

We have audited the accompanying consolidated financial statements of Narcotics Anonymous World Services, Inc. (a nonprofit organization) (NAWS), which comprise the consolidated statement of financial position as of June 30, 2024, the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of NAWS as of June 30, 2024 and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

We did not audit the financial statement balances and activity related to the Iranian service office, Payam Omega, as of and for the year ended June 30, 2024, whose statements reflect total assets of \$6,220,828 as of June 30, 2024, and net revenues of \$3,936,275 for the year then ended. Those financial statements were presented in accordance with accounting principles generally accepted in the Islamic Republic of Iran and audited by other auditors in accordance with auditing standards generally accepted in the Islamic Republic of Iran, whose report has been furnished to us. Consequently, we were unable to determine whether any adjustments to those amounts were necessary in order for the financial statement balances and activity to conform with accounting principles generally accepted in the United States of America.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NAWS and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Los Angeles / San Francisco / Seattle / Denver / Sun Valley, ID / Dallas

To the World Board of
Narcotics Anonymous World Services, Inc.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the NAWS' ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NAWS' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the NAWS' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Miller Kaplan Arase LLP

MILLER KAPLAN ARASE LLP

May 9, 2025

MILLER KAPLAN / Trusted Advisors Since 1941

Independent Auditors' Report

NAWS contracts with an independent accounting firm to audit its financial statements each fiscal year. The audit team spends about a week in the Chatsworth office after the close of each fiscal year, during which they perform transaction tests, inspect internal controls, and scrutinize internal financial practices. This professional audit of NAWS' financial reports and practices conforms to best practices in the world of accounting and complies with the legal requirements for nonprofits. To audit the financial activities of WSO Iran, we have to hire an accounting firm in Iran that provides its audit to our US-based auditors. While this makes for an exceedingly slow process, it ensures management and the board have verified figures for all branch offices.

NOTE 1 - ORGANIZATION AND NATURE OF ACTIVITIES

Narcotics Anonymous World Services, Inc. (NAWS) was incorporated on January 25, 1977 and is headquartered in Chatsworth, California. NAWS operates literature distribution facilities in India and Toronto, Canada and maintains offices in Brussels, Belgium, and Iran. NAWS' Iranian service office is known as Payam Omega. NAWS is a not-for-profit organization that provides communications and information for the Fellowship of Narcotics Anonymous (NA). NAWS achieves its purpose by maintaining correspondence with NA groups and service committees, by printing and distributing World Services Conference (WSC)-approved literature, and by maintaining the archives and files of NA.

In 1993, NA established the Fellowship Intellectual Property Trust (the Trust). The Trust was established for the purpose of holding and administering all recovery material and other intellectual properties of NA. The Trust is included in the consolidated financial statements of NAWS as a result of common control.

NAWS is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and under the California Revenue and Taxation Code. The Trust is also exempt under the applicable Internal Revenue Code and comparable California Revenue and Taxation Code. In addition, the Internal Revenue Service has determined that NAWS and the Trust are not private foundations within the meaning of Section 509(a) of the Internal Revenue Code. Therefore, no provision for federal and state income taxes was made for either NAWS or the Trust.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Consolidation Policy and Basis of Accounting

The accompanying consolidated financial statements include the accounts of NAWS and the Trust. Significant intercompany balances and transactions are eliminated in consolidation. The consolidated financial statements are prepared on the accrual basis of accounting.

B. Financial Statement Presentation

Under U.S. generally accepted accounting principles (GAAP) not-for-profit organizations are required to report net assets in two classes: net assets with donor restrictions and net assets without donor restrictions. As of June 30, 2024, NAWS had no net assets with donor restrictions.

C. Cash and Cash Equivalents

NAWS considers short-term investments with initial maturities of 90 days or less held in bank and brokerage accounts to be cash equivalents.

D. Investments

NAWS investments are reported at fair value. Investments include certificates of deposit. See Note 5.

E. Inventory

Publications and other items held for resale are included in inventory and are carried at the lower of cost or net realizable value. Cost for each item is determined using the weighted average method.

F. Property and Equipment

Leasehold improvements and furniture and equipment are recorded at cost. Major additions are capitalized while replacements, maintenance, and repairs that do not improve or extend the useful life of the asset are expensed. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the related assets, which are as follows:

Leasehold improvements	5 years
Furniture and equipment	5 - 10 years

Depreciation and amortization expense related to property and equipment for the year ended June 30, 2024 amounted to \$75,498.

G. Trademarks and Copyrights

The cost of acquiring and defending copyrights and trademarks is capitalized and amortized over the approximate economic life of the copyright or trademark, which is estimated to be 10 years. The cost of computer software is also capitalized and amortized over a period of seven years. Amortization expense related to trademarks and copyrights for the year ended June 30, 2024, amounted to \$177,865.

H. Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are reported net of an allowance for doubtful accounts. The allowance is based on management's estimate of the amount of receivables that will actually be collected. Management estimates uncollectible accounts based on the age of the receivable and other factors.

I. Translation of Foreign Financial Statements

Financial operations in Canada, Europe, and the Middle East are translated throughout the year to United States dollars. Gains or losses resulting from translating foreign currency financial statements are recorded in the consolidated statements of functional expenses as currency conversion.

J. Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the consolidated financial statements. Actual results could differ from those estimates.

K. Sales of Publications and Program Materials

NAWS generates revenue from sales of publications and program materials. This revenue is recognized at the point in time when goods are shipped to customers.

L. Fellowship Contributions

Unconditional contributions and pledges are recorded when received. Pledges outstanding are subject to an allowance for uncollectible accounts and are discounted to present value when long term in nature. There were no outstanding pledges receivable as of June 30, 2024.

M. Functional Allocation of Expenses

The costs of providing NAWS’ programs and other activities are reported by both their natural and functional classifications in the statement of functional expenses. Expenditures that can be identified with a specific program or supporting service are allocated directly according to their purpose. Costs that are common to more than one function are allocated among the applicable programs and supporting services based on estimates of employee time, using percentages that represent hours spent or wages, or upon estimates of other resources spent.

N. Tax Status

GAAP requires management to evaluate tax positions taken by NAWS and recognize a tax liability if NAWS has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. NAWS is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

O. Adoption of New Accounting Policies

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (ASC 326)*. This standard replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of expected credit losses for the remaining estimated life of the financial asset using historical experience, current conditions, and reasonable and supportable forecasts. The financial assets held by NAWS that are subject to the guidance in FASB ASC 326 are other receivables.

NAWS adopted the standard effective July 1, 2023. The adoption of this standard did not have a material impact on NAWS’ consolidated financial statements.

NOTE 3 - RETIREMENT PLAN

NAWS maintains a qualified defined contribution retirement plan, which covers all employees. Under the terms of the plan, employees may elect to contribute pre-tax earnings up to the maximum allowable amount under the Internal Revenue Code. NAWS matches deferrals of up to 8% of compensation based on the employee’s number of years of service. NAWS’ contributions totaled \$114,205 for the year ended June 30, 2024.

NOTE 4 - COMMITMENTS AND CONTINGENCIES

On July 1, 2022, NAWS adopted ASU 2016-02 Leases, requiring a lessee to record a right-of-use asset and a corresponding lease liability at the inception of the lease, initially measured at the present value of total lease payments. NAWS classified its five long-term leases as operating leases and determined that the fair value of its operating leases at the inception of the leases totaled \$2,152,472 using discount rates between 2.84% and 3.96%. The operating leases had a weighted average term of 39 months on the date of adoption. As of June 30, 2024, the lease liability was \$846,793, of which \$678,724 was current and \$168,069 was non-current. ASU 2016-02 requires recognition in the statement of activities of a single lease cost, calculated so that the cost of the leases are allocated over the lease term, generally on a straight-line basis. Rent expense for the year ended June 30, 2024 was \$659,005. During the year ended June 30, 2024, NAWS reflected amortization of right-of-use asset of \$685,816 related to the leases, resulting in a right-of-use asset, net balance of \$830,646 as of June 30, 2024.

The following is a schedule of future minimum rental payments required under leases that have initial or remaining noncancelable lease terms in excess of one year as of June 30, 2024:

Year Ending June 30,	
2025	\$ 678,724
2026	162,719
2027	16,357
2028	8,179
Total minimum payments required	865,979
Less: discount to present value	(19,186)
Operating lease obligation	\$ 846,793

Total lease payments made during the year ended June 30, 2024 were \$721,129.

NOTE 5 - INVESTMENTS

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market:

- Level 1 – Inputs are quoted prices in an active market.
- Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.
- Level 3 – Inputs are generally unobservable and typically reflect management’s estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize investments based on the inputs used to value them:

	June 30, 2024			
	Level 1	Level 2	Level 3	Total
Certificates of deposit	\$ -	\$ 3,485,574	\$ -	\$ 3,485,574

The following tables reconcile the beginning and ending fair value of Level 2 investments for the year ended June 30, 2024:

Balance, July 1	\$ 2,265,044
Purchases/accrued interest	1,264,186
Sales/maturities	(43,656)
Balance, June 30	\$ 3,485,574

NOTE 6 - CONCENTRATIONS OF CREDIT RISK

NAWS places its cash and cash equivalents with high quality financial institutions. Cash in U.S. banks is covered by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank. Cash in Canadian accounts is insured up to \$100,000 (CAD) per bank. At June 30, 2024, deposits in U.S. institutions exceeded insurance limits by \$5,921,819 and deposits in Canadian banks exceeded insurance limits by \$1,173,713 (CAD). Cash in European accounts is not covered and totaled approximately \$169,502 (USD) as of June 30, 2024.

NOTE 7 - EMPLOYMENT CONTRACT

NAWS has an employment agreement with its Executive Director expiring on December 31, 2024. The agreement provides for compensation and benefits. Should the agreement be terminated by NAWS, certain amounts would be payable to the Executive Director as defined in the agreement. \$146,500 has been accrued as of June 30, 2024.

NOTE 8 - AVAILABILITY OF FINANCIAL ASSETS

As of June 30, 2024, NAWS had \$9,153,961 of financial assets consisting of cash, cash equivalents, and liquid investments available to meet cash needs for general expenditures. None of these financial assets is subject to donor or contractual restrictions that make them unavailable for expenditure within one year of the balance sheet date. NAWS’ goal is to maintain cash and liquid investments on hand to meet at least one year’s worth of anticipated operating expenses and a policy to structure its financial assets to be available as its general expenditures and liabilities come due.

NOTE 9 - SBA LOAN

On July 7, 2020, NAWS entered into an agreement with The Small Business Administration (SBA) for a loan in the amount of \$150,000. The loan bears interest at a rate of 2.75% per annum and matures July 7, 2050, with monthly payments commencing January 1, 2023. On December 4, 2023, NAWS paid off its remaining balance due to the SBA.

NOTE 10 - FOREIGN CURRENCY EXCHANGE RISK

While individual account transactions and balances are converted to the U.S. dollar as the functional currency throughout the year and at year-end, economic and market volatility factor heavily in what would be the realizable value of the reported assets. Actual results may differ significantly from these values.

Assets reported in the statement of financial position as of June 30, 2024 include cash totaling \$376,217 and publication inventory of \$5,844,611 at Payam Omega. Due to current relations between Iran and the United States, it is unlikely that NAWS could transfer such assets out of Iran; accordingly their use is limited to Iranian operations.

NOTE 11 - SUBSEQUENT EVENTS

NAWS renewed its employment agreement with its Executive Director. Its new expiration date is December 31, 2025.

Management has evaluated subsequent events through May 9, 2025, the date these consolidated financial statements were available to be issued. Except as discussed above and in Note 10, there were no material subsequent events that require recognition or additional disclosure in these consolidated financial statements.
